Invitation

Dear colleagues,

It is our pleasure and privilege to invite you to join the 1st Israeli-Greek Hematology meeting which will be held in Thessaloniki, Greece, on the 26th, 27th and 28th of April 2018. The aim of the conference is to bring together doctors and scientists from Israel and Greece and give them the opportunity to be aware of each other's work, to exchange ideas and to establish collaborations.

Greece and Israel have a long history in medicine and science and by joining our efforts we can open new horizons and achieve scientific goals.

We are establishing alternate meetings every year, which will be held one year in Greece and the other in Israel in a way to give the opportunity in both countries to participate.

Thessaloniki, named in honour of the sister of Alexander the Great has 23 centuries of history in which a strong and flourishing Jewish community had a major contribution.

All these will ensure the aims of the meeting: High quality conference in a beautiful and historical environment. We are sure you will enjoy the conference and we are looking forward to welcome you to Thessaloniki in 2018.
